

# HARDWOOD PLAY GRADE CHIP

Hardwood play grade chips are a fully playground certified product to BSEN 1177 2008 standards. They are light to chestnut brown in colour and are made from 100% British hardwoods. It is a very popular choice in adventure play grounds and Local Authority installations, due to its durability and its attractive pricing, thus making this a great economic alternative to play bark chippings. It carries a great balance between appearance, durability and economy. Made from mixed sustainable hardwoods. An excellent choice for any busy outdoor play area.

## Product Benefits

- Hard wearing
- Clean and free draining
- Produced from 100% natural and environmentally friendly sources
- Attractive appearance
- Suitable for use with chickens
- Available bagged or in bulk loads
- Economical alternative to play barks
